SMILING IS ONE OF THE MOST IMPORTANT NON VERBAL COMMUNICATION ABILITIES WE POSSESS
THERE IS MAGIC IN YOUR SMILE

Smiling activates positive neural messaging that benefits your health, happiness, and the people around you.

The world is simply a better place when you smile.

SO MAKE IT A PRIORITY TO SMILE OFTEN AND ALSO LAUGH!!
Listening is a very powerful communication skill.
Avoiding distractions. Constantly looking at your phone, gum chewing, (for me) wearing too much cologne/perfume.

Give non-verbal cues. Eye contact, nodding and body language.

Limit interruptions. Let the person you're talking with complete a thought.

Be inquisitive. Asking questions that require more than a yes or no.

Think before responding. Empathize.
